An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

In the specification on page 1, paragraph **0001**,

"[Attorney Docket No. VGEN.001PR2]" has been replaced by --60/337,343--.

In the specification on page 11, paragraph **0076**,

"Figure 39 is" has been replaced by --Figures 39A and 39B are--.

In claim 1, line 18, "in", first occurrence, has been replaced by --is--.

The above revisions were made in order to correct minor informalities. It is noted that the language "said relative movement of said optics includes an accommodated position and an unaccommodated position" in claims 11, 16, and others appears to be redundant relative to claim 1 but is not detrimental in conveying to the ordinary practitioner the scope of the claims under 35 U.S.C. 112. The Applicant's amendment was filed within two months of the mailing date of the final Office action (and the above informalities were identified for the first time in the present Office action: MPEP § 706.07(f)); therefore, no extension fee under 37 CFR 1.136 is required.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Dave Willse whose telephone number is 571-272-4762. If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Corrine McDermott, can be reached on 571-272-4754.
